

QUESTION 8

Identify one real phishing email:

A final-year student, Aman, receives a LinkedIn message saying:

“You are shortlisted for a Remote Software Developer role at Google.

Salary: ₹18 LPA.

Pay ₹2,499 as verification fee.

Limited seats. Pay now to confirm.”

ANSWER THE QUESTIONS:- a)

b)

What type of cybercrime is happening here?

c)

List 3 red flags that show it is a scam?

What should he do to verify if a job offer is real?

too!

Sol:

a) This is a phishing scam — a form of cybercrime where attackers impersonate legitimate organizations to trick individuals into giving up money or personal information.

b) List 3 red flags that show it is a scam:

- 1) Request for money upfront — Legitimate companies like Google never ask for a verification fee.
- 2) Too-good-to-be-true offer — ₹18 LPA for a fresher without an interview is suspicious.
- 3) Urgency and pressure — “Limited seats. Pay now to confirm” is a classic tactic used by scammers to rush victims.

c) What should he do to verify if a job offer is real?

- ☐ Check the official company website or careers page for job listings.
- ☐ Contact the company directly through verified channels to confirm the offer.
- ☐ Look for professional email domains (e.g., @google.com) instead of generic or social media messages.
